

Preventive health services for adults

Most health plans must cover a set of preventive services like shots and screening tests at no cost to you. This includes Marketplace private insurance plans.

Preventive care benefits

Preventive care helps you stay healthy. A doctor isn't someone to see only when you're sick. Doctors also provide services that help keep you healthy.

Free preventive services

All Marketplace plans and many other plans must cover the following list of preventive services **without** charging you a copayment or coinsurance. This is true **even if** you haven't met your yearly deductible. This applies only when these services are **delivered by a network provider**.

1. Abdominal Aortic Aneurysm one-time screening for men of specified ages who have ever smoked
2. Alcohol Misuse screening and counseling
3. Aspirin use to prevent cardiovascular disease for men and women of certain ages
4. Blood Pressure screening for all adults
5. Cholesterol screening for adults of certain ages or at higher risk
6. Colorectal Cancer screening for adults over 50
7. Depression screening for adults
8. Diabetes (Type 2) screening for adults with high blood pressure
9. Diet counseling for adults at higher risk for chronic disease
